"UNRAVEL"

In een complexe, digitale wereld ontstaat behoefte aan rust, houvast, menselijkheid en echt materiaal. Groen oogt daardoor minder gepolijst en decoratief, en juist tactieler, ruimtelijker en uitgesprokener.

Grote planten zoals Strelitzia nicolai, Kentia, orchideeën, hangende Epipremnum en Philodendron en Ficus elastica 'Burgundy'

CRAFTED COLOUR TALES

Gemengde beplanting, handgemaakte potten, geweven texturen en verrassende kleuraccenten. Minder perfect gestyled, maar persoonlijk, lokaal en verhalend.

STROMINGEN

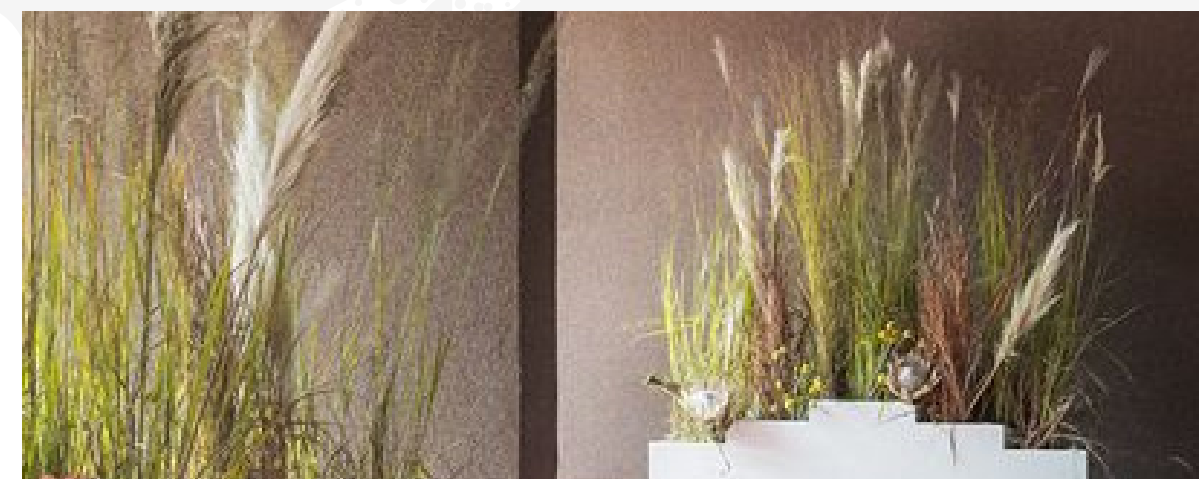

GREEN BRUTALISM

Krachtig, eerlijk en zintuiglijk. Grote bladplanten, grassen, zichtbare wortels en grillige vormen

NEW ORDER

Rustig, modulair en georganiseerd.

MODERN GRANDEUR

Symmetrische opstellingen en rijke kleuren. Grote palmen, sculpturale planten, met kleuren zoals donkerrood, aubergine en diep groen

THANK YOU!
